THE DEPARTMENT OF PREMIER AND CABINET'S OVERSEAS TRAVEL OUTCOME REPORT						
			TRAVEL DETAILS			
DEPARTURE DATE	28 Febru	uary 2016	RETURN DATE	4 March 2016		
DESTINATION (COUNT	rry/ies)	China				

The outbound mission in April 2016, will be attended by over 200 SA businesses and is part of the broader South Australia – China engagement strategy. The Premier committed to the business community that he will represent South Australian interests in China every year around April or May.

The key purpose of this trip was to review all arrangements related to travel, key events and meetings ahead of the April business mission led by the Premier and Ministers to China in April 2016.

In Jinan, Mr Rik Morris led nine separate meetings with key Shandong government contacts for South Australia under the South Australia-Shandong high level working group to progress outstanding issues and offer solutions in relation to the April business mission.

- 1. Shandong Foreign Affairs Office (FAO),
- 2. Bureau of Commerce,
- 3. Agricultural Dept.,
- 4. Education Dept.,
- 5. Sports Bureau,
- 6. Arts Dept.
- 7. Public Health Dept.
- 8. Shandong Tourism,
- 9. Shandong Mining and Resources

Agreed on the suitable venue for South Australia-Shandong opening ceremony and photographic exhibition. As well as coordinating the promotion of SA Brand at the basketball venue where the 36ers and Shandong high speed played their final exhibition match.

In Zibo met with government officials and business executives in charge of the Zibo Bonded Area, the Zibo Economic Development Zone and the building site of the South Australia-Shandong Trading Centre.

In Qingdao, Mr Morris led a number of meetings with Qingdao Government Officials regarding the SA official and business program for April. Also met with organisers of Qingdao Fashion Festival and the International Beer Festival, where agreements for the SA Fashion show during the Qingdao gala dinner were made. Considered SA's presence at the Qingdao Beer Festival 2016.

THE DEPARTMENT OF PREMIER AND CABINET'S OVERSEAS TRAVEL OUTCOME REPORT								
			TRAVEL DETAILS					
DEPARTURE DATE	9 March	2016	RETURN DATE	19 March 2016				
DESTINATION (COUN	TRY/IES)	United State	es of America					

The visit focused on advancing SA's bilateral trade and investment interests in the Innovation, Advanced Manufacturing, Creative Industries, and Premium Food and Wine sectors, and continuing to pursue opportunities to advance South Australia's transition to a low carbon economy.

The objectives of the mission were to:

- 1. Support South Australia's businesses to form new business partnerships and secure trade and investment outcomes through their participation in international business missions;
- 2. Consider the relevance and applicability of key models/initiatives in the U.S. to support entrepreneurship and innovation in South Australia;
- 3. Connect with existing and potential investors and U.S. investment community to discuss current and anticipated opportunities for Foreign Direct Investment in South Australia including venture capital;
- 4. Position South Australia at the forefront of international government action against climate change, and pursue opportunities to advance South Australia's transition to a low carbon economy; and
- 5. Strengthen diplomatic and government-to-government relationships with key international government leaders and DFAT international officials.

Meetings were held to progress investment leads with the following companies: Greensmith Energy; Buddy Platform; Telsa; and Google; and business/investment dinners were convened in Pittsburgh and Detroit with key interlocutors identified by the Chair, of South Australia's Economic Development Board.

Discussions were also held with General Motors about their Research and Development strategies as well as their divestment strategy for the Elizabeth site, including issues around employee support, site contamination and remediation, and future uses.

In conjunction with Flinders University's New Venture Institute delegates in Austin, the Premier presented South Australia as a test bed for new technologies, and explored opportunities with international thought-leaders about how best to support South Australia's entrepreneurial and start-up community.

Attendance and participation in other activities in Austin, including SXSW Interactive, will help to inform the strategy under development for a spring activation in Adelaide that may include music, film, gaming and technology as key areas of focus.

The Premier also supported Primary Industries and Regions South Australia's (PIRSA's) delegation focused on positioning South Australia as the home of premium Australian Wine. Activities had a strong consumer focus to launch Adelaide as the newest member of the global Great Wine Capitals program, which is expected to positively impact the efforts of the South Australia's tourism positioning in the United States.

A key note address at CMU's Energy Week Conference and meetings with significant public figures including Californian Governor, Jerry Brown, and former CMU President, Jerry Cohon, strengthened South Australia's reputation at the forefront of sub-national government action against climate change, and international recognition for the Government's commitment to transform Adelaide into the World's first carbon natural city.

Benefits of the Visit:

The Trade and Investment components of the program directly contributed to and supports Economic Priority 9: International Connections and Engagement, by ensuring consistent information is conveyed to our international

partners and that we continue to grow the knowledge and understanding gained each time South Australia engages with the world.

Outcomes and initiatives to be progressed as a result of this travel includes:

- The development of a new proposal linking a series of events to be staged in Spring will be prepared by Events South Australia (SATC) for Cabinet's further consideration;
- The Music Development Office (DSD) is investigating opportunities to reduce the cost of recording an album in South Australia and how we may better develop and support indigenous music;
- The Office of the Chief Economist (DPC) will lead the preparation of an Innovation Statement/Policy to address government's role in engendering a stronger culture of entrepreneurship, social innovation and creativity to support the government's social and economic development objectives;
- The Office of Small Business (DSD) will consider its current service offering and role in supporting South Australia's Entrepreneurs and Start-up community;
- The Office of the Chief Economist (DPC) will investigate the merits of revising bankruptcy laws/practices to encourage rather than inhibit innovation;
- The Chief Scientist (DSD) will progress discussions with Carnegie Mellon University's Software Engineering Institute (SEI) to consider opportunities to partner on South Australia's bid for the Commonwealth's Cyber Security Growth Centre;
- Follow up meetings will be held with General Motors in both Adelaide and Singapore in the coming months to finalise negotiations regarding their divestment of the Elizabeth site;
- The International and Commercial Division (DPC) will lead the development of a holistic and integrated proposal articulating the benefits and value of positioning Adelaide as a hub/testbed for an autonomous and connected vehicle ecosystem;
- The Low Carbon Economy Unit (DPC) will host representatives from Tesla to progress discussions about their Supercharging network, Destination charging and moving towards a Tesla presence in South Australia; and
- The International and Commercial Division (DPC) will work with the Office of California Governor, Jerry Brown, to encourage all Australian jurisdictions to commit to the Under2MoU.
