Dear Chair,

I write on behalf of the South Australian Liberal Opposition, following statements by the Premier earlier this month relating to the future of Boards and Committees operating in conjunction with the South Australian Government.

I understand from his public comments that the Premier has written to all Boards and Committees such as yours identifying that they will be abolished 'unless they can demonstrate that they have an essential purpose that cannot be fulfilled in an alternative way'.

While the Opposition believes it is important to reduce over-regulation and red tape, and we support moves that will reduce unnecessary regulation in people's everyday lives, we are not convinced that the Government has its priorities right in every case.

I expect that your Members may have a view on the matter, and on behalf of the Opposition may I indicate that we would welcome any submission you or they might like to make. In particular we would be grateful to receive a copy of the advice you are providing to the Minister or the Premier (or to whomever your advice is being sent) in response to their correspondence.

I look forward to your response and, in the meantime, thank you once again for the service that you and your members provide to the South Australian community.

Yours sincerely,

David Pisoni MP
